# REBECCA'S STORY

At the same time as her marriage was unraveling, her Dad was approaching his final days in this world. In one of the last conversations with him, her Dad expressed his pride in her exuberance for life, and asked her to write something that would inspire others to live as she did. She asked the Universe for a sign of exactly what she should write, and was given life changing advice by her financial advisor. He told her, "You've lost a lot, but you've remained resilient and financially sound throughout it all. You should teach other women how you do it." So, she spent the next year writing a book titled *How To Make a Six Figure Income Working Part Time*. That book included her signature 7 Pillars of Abundance, and became the catalyst for her future coaching programs that have helped burned out women leave toxic relationships and magnetize their soulmate at any stage of life.

Today, Rebecca is known as the Magnetic Abundance Mentor, and has been rated *#1 Life Coach* and *Empowered Woman of the Year* by International Association of Top Professionals. She is also the creator of the *6 Figure Side Hustle* program, helping women to exit from unfulfilling jobs to a profitable purpose. She is the bestselling author of 3 books on business mindset & an award winning host of the *Balanced, Beautiful & Abundant* podcast. She empowers overworked and overwhelmed women to transform from burned out to balanced, beautiful, and abundant through her signature 7 pillars.
